EDUCATION

BATCHLOR OF SCIENCE

Computer science and Engineering
Daffodil International University

HIGHER SECONDARY SCHOOL

Joypurhat Govt. College 2020-2021
Result: 5:00 (Golden +)

SECONDARY SCHOOL

RB Govt. High School 2018-2019
Result: 5:00 (Golden +)

SKILLS

Core Skills

- Data Analytics
- Deep Learning
- Delivering Impactful AI Systems

Technical Skills

- Neural Networks
- Data Preprocessing
- Model Evaluation
- Scalable AI Solutions

Programming & Tools

- Python
- Deep Learning Frameworks
- C , C++, Java
- Web Technologies – HTML, CSS, JavaScript ,Tailwind & Node.js.

LANGUAGES

Bangla, English, Hindi

PROFILE

Experienced Data Scientist and AI Engineer with expertise in machine learning, deep learning, and data analytics. Skilled in developing intelligent models using neural networks and TensorFlow, with strong experience in data preprocessing, model evaluation, scalable AI solutions, software development, and hardware optimization. Passionate about transforming complex data into actionable insights and delivering high-impact, real-world AI systems that drive innovation and business value.

WORK EXPERIENCE

- **Data Scientist & AI Engineer** 2024 - PRESENT

  Freelance / Independent Projects, Bangladesh

  - Developed and trained machine learning and deep learning models using TensorFlow and Hugging Face libraries.
  - Conducted data preprocessing, feature engineering, and model evaluation on diverse datasets via Google Colab and Kaggle.
  - Built scalable AI solutions and optimized hardware utilization for efficient model training.
  - Generated actionable insights and implemented real-world AI applications over the past 6 months.

- **Teaching Experience** 2023 - PRESENT
  - Provided personalized tutoring in programming, Python, C/C++, Java, and data science concepts to Under graduate student also Higher math, Physics, ICT to SSC and HSC students.
  - Helped students develop problem-solving and coding skills for academic and competitive purposes.

- **Competitive Programming – Bangladesh** 2023 - PRESENT
  - Solved algorithm and data structure problems on BeCrowd and Codeforces.
  - Developed strong problem-solving and coding skills through contests and practice.

- **Clubs & Societies**
  - Participated in research projects and contributed to academic studies.
  - Assisted in organizing research activities, workshops, and knowledge-sharing sessions.
